

Instructions for electronic services for early childhood education in Joensuu:

Varhaiskasvatushakemus = Daycare application:

- the child is applied for a place in early childhood education (kindergartens, family daycare and open early childhood education)
- application is made for each child individually
- If the child is already in early childhood education and the wish is to transfer from a place to another, then a change application is completed, not a new early childhood application.

More detailed instructions on how to apply to private kindergartens can be found here (in Finnish):

www.joensuu.fi/yksityiset-paivakodit

Pre-school application: the child will be enrolled on either for pre-school education alone or the child will be applied for complementary early childhood education in addition to preschool education.
